

June 10, 2009

Dear Ram and Buck Test Consignor,

Attached you will find the ewe/do consignment form to be completed and returned to me ASAP, preferably by email. We encourage you to nominate about as many ewes/doe as the number of rams/bucks that you have on the test. Ewes and does can be lambs/kids or yearlings. There seems to be a strong demand for good replacement ewes/does and they will help encourage more prospective buyers to come to the sale.

The ewes/does will need to be delivered to the WVU Reymann Memorial Farm by 10:00 A.M. on July 25, 2009 so that potential buyers have an opportunity to evaluate them prior to the 1:00 P.M. sale. Just like with the rams/bucks, you must present the necessary health papers prior to unloading ewes/does. For out of state consignors you will need an Interstate Health Certificate from your home state. Consignors from WV can present a copy of their up to date honor flock certificate or have your veterinarian inspect your flock and write you an official Certificate of Veterinary Inspection (CVI). USDA regulations state that your sheep/goats must have an official Scrapie ID and that the ID number must be listed on the CVI. The ewes/does will be examined at delivery, by a resident Veterinarian or Animal Health Official.

The rams and bucks have been weighed and the 42 day report is available. You can find the report on the web site, [www.caf.wvu.edu/avs/sheep](http://www.caf.wvu.edu/avs/sheep)

If you have any questions or problems let us know and we will try to work with you the best we can. Please send completed consignment forms to [Sara.Hare@mail.wvu.edu](mailto:Sara.Hare@mail.wvu.edu) by June 30<sup>th</sup> at the latest to ensure addition in the sale catalog. We look forward to seeing you at the sale on Saturday, July 25, 2009.

Sincerely,

Brad D. Smith  
Extension Agent/ WV Small Ruminant Project Director

Sara C. Hare  
WV Small Ruminant Project Assistant Director
